

**PUPPY GUARANTEE:**  
**Gods of Olympus Bulldogges: Colorado**

***This guarantee must be signed before we will release the puppy to your care in order to make sure that you have read and understand the below Health Guarantee. You can email or mail this form back to us.***

**Health Guarantee**

The Olde English Bulldogge (OEB) is designed to be a healthier breed of dog than many modern Bulldog breeds. The OEB is quickly becoming well respected in many working venues such as weight pull, therapy training, obedience, etc. They have become excellent breathers and do not have to be kept in an air conditioned environment on hot days. Artificial insemination is not a standard protocol when breeding OEBs; natural ties are the standard. OEBs are also natural whelpers; caesarean sections are only needed in the event of unexpected complication at delivery, like with almost any breed of dog. **However**, the OEB has been recreated using its counterpart the English bulldog and certain genes can pull from generations long ago so it is important to read and understand about these types of bulldog defects.

We strive to produce a very healthy family pet the whole family can enjoy for years to come. If your puppy should have a suspected genetic health issue, that is not typical of this bulldogge breed, we require two vet exams from two different clinics, by two different licensed Veterinarians, stating the exact descriptive health issue. If it is determined that the puppy has a genetic health issue, we will replace the puppy with a puppy from an available litter or the next available litter. **Generally speaking, we do not give cash refunds on any puppy at anytime.**

We **do not cover** cherry eye, entropion, any skin allergies (including mange, etc.) or loose hips. Dysplasia will **not be covered** if the dog has been allowed to be overweight, offered a high calorie/high protein/ high calcium puppy food (Documentation must be provided), or exposed to lots of climbing of stairs (overworked). Because the breed derives from the English bulldog, we will **not cover** the sounds a dog makes when they breathe i.e.: "sniffing" sound or a "snorting" sound. We take special precautions in our selections of breeding dogs to ensure they have none of the above listed issues; however, it is impossible to know every ailment previous generations may have had. Therefore, we cannot guarantee against something we have no knowledge of. We do not guarantee color of dogs or eye color as much as we like the blue eyes there is a less than 1% percent that seem to change color at 6-7 weeks out of 700 puppies 3 have changed, its not a lot but it happens. We do not charge extra for blue eyes nor do we give discounts or refunds if your puppy's eyes change.

In order to be eligible for a year health guarantee you must schedule a vet exam in the first 72 hours (3 days) of having your puppy to validate your guarantee, **ABSOLUTELY**

NO EXCEPTIONS! We will not honor a health guarantee if you cannot show us a copy of his first health report.

**\*\*REGULAR MONTHLY VET CHECKS WILL ALLOW THIS GUARANTEE TO BE DOCUMENTED BY YOUR VET. YOU MUST HAVE A PAPER TRAIL FOR YOUR PUPPY'S HEALTH GUARANTEE TO REMAIN VALID. SHOT RECORDS - WEIGHT AND HEIGHT OF YOUR PUPPY MUST BE DOCUMENTED AS WELL AS VETERINARIAN COMMENTS FOR PUPPY'S OVERALL HEALTH - YOU MUST KEEP AND FURNISH REGULAR MONTHLY VET VISITS FOR THE FIRST YEAR OF YOUR PUPPY'S LIFE. IF YOU HAVE NOT DONE THIS, WE WILL NOT COVER YOUR PET. IT IS THAT IMPORTANT TO MAINTAIN A HEALTHY PUPPY. IF A SITUATION ARISES, WE RESERVE THE RIGHT TO VERIFY INFORMATION BY CONTACTING YOUR VETERINARIAN\*\***

I, \_\_\_\_\_, hereby acknowledge that I have read and understand this puppy health guarantee. I have been given the opportunity to ask any questions I may have regarding this guarantee.
